

WooCommerce Setup Guide for COINBASE

Accept multiple cryptocurrencies on your Shopify store with Coinbase Commerce. Within just a few minutes you'll be accepting cryptocurrency by following these simple steps:

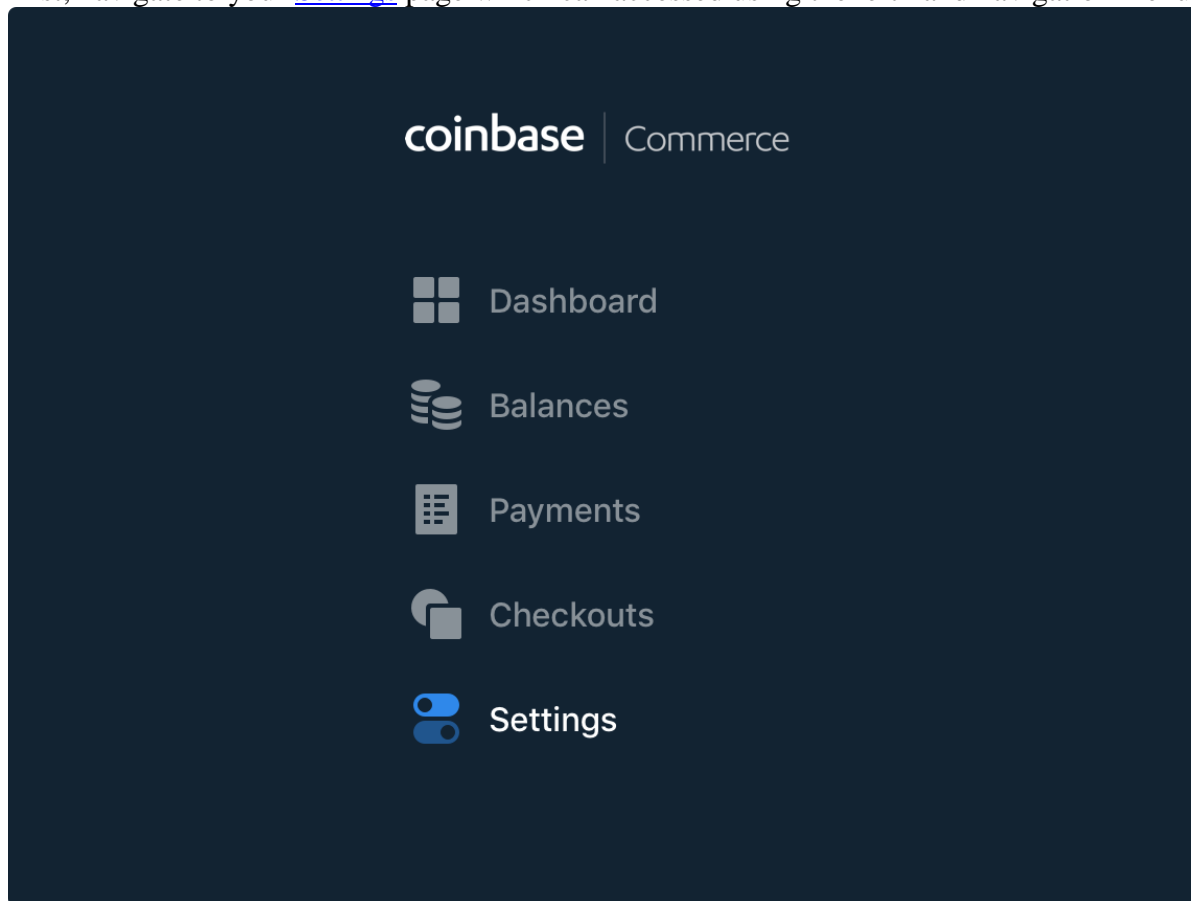

1. Sign up for Coinbase Commerce
2. Create a Coinbase Commerce API Key
3. Add Coinbase Commerce to your Shopify store

Sign up for Coinbase Commerce

Sign up for a Coinbase Commerce account and follow the instructions to get started. After verifying your email address, adding two-step verification, and securely storing your seed phrase, you're ready to start accepting cryptocurrency payments.

Create a Coinbase Commerce API Key

First, navigate to your [Settings](#) page which can be accessed using the left hand navigation menu:

Within Settings you'll find an API Keys section. Click on Create an API Key to create a new API key that will be used to connect your Shopify store to your Coinbase Commerce account:

API Keys

56b2c734-18ef-4f30-9f46-577c7e814eae	Reveal	Delete
--------------------------------------	--------	--------

Create an API key

Click Reveal to see the entire API Key, but remember to keep this secret as it gives programmatic access to your account!

Add Coinbase Commerce to your Shopify store

To start accepting multiple cryptocurrencies using Coinbase Commerce:

1. Go to Settings and select Payment providers from within Shopify.

 General View and update your store details	 Taxes Manage how your store charges taxes	 Account Manage your accounts and permissions
 Payment providers Enable and manage your store's payment providers	 Notifications Manage notifications sent to you and your customers	 Billing Manage your billing information and view your invoices
 Checkout Customize your online checkout process	 Files Upload images, videos, and documents	
 Shipping Manage how you ship orders to customers	 Sales channels Manage the channels you use to sell your products and services	

2. Under Alternative payments select Coinbase Commerce.

Alternative payments

Accept alternative payment methods from services that take customers out of your store's checkout to pay.

✓ Select additional payment method

Coinbase Commerce

3. For Email, enter the email address used to create your Coinbase Commerce account.
4. For API Key, copy and paste the API Key created earlier within Coinbase Commerce

Alternative payments

Accept alternative payment methods from services that take customers out of your store's checkout to pay.

Coinbase Commerce

Coinbase Commerce allows merchants to accept cryptocurrency payments in Bitcoin, Bitcoin Cash, Ethereum and Litecoin.

Please provide your [Coinbase Commerce](#) credentials:
